My name is Lisa. My sister finished high school two weeks ago. As a special gift, our parents took us to India. It was interesting but scary. First, we took a long bus ride to a lake in the countryside. On the first night, we just sat under the moon and told each other stories. But I was so tired that I went to sleep early. The next morning, when we looked out of our tent, we saw a big snake sleeping near the fire. We were scared and shouted to our parents to let them know about the danger. My father started to jump up and down in their tent and this made the snake move into the forest near the lake. He told us it was important not to go near a snake.

It is more and more popular to shop online in our life. Many people like shopping online because it is cheaper to buy things online. Also, we can just stay at home and look for the things we like on the Internet. When we have questions about the things, we just talk with the waitress online. The waitresses are usually very friendly and they will answer the questions one by one. There are still some problems when we shop online. First of all, we can't touch the things before we buy and we can just see them online. It is not very easy for us to know if the things are good or bad. Secondly, if the things we buy are not good, it is not easy to change them, because the shops are usually far away from our homes.

III. 听短文, 回答问题(共 5 小题; 每小题 1 分, 满分 5 分)

Some people in Britain or America like to invite friends to dinner at home. But this is more common in America than in Britain. Don't worry if your English friends don't invite you home. It doesn't mean that they don't like you.

When you are asked to an evening meal, ask your friends what time you should arrive. It is a good idea to take a small present when you arrive, and it is polite to say how much you like the house, or the room, or the picture in the room. But don't ask how much these things cost.

In this way both you and your friends will have a pleasant get-together.

Green Wood Park is the best place to go to on weekends. I always finish my breakfast on Saturdays because I want to get to Green Wood Park before 10:00 a. m. to meet my friends. The park is the most crowded place on weekends because almost everyone goes there to see the street performers. Some people think they are boring, but I think they are the most creative people. However, the place where you can enjoy your time most quietly is at one of the small coffee shops near the park. You can read or relax there. There is something for everyone at Green Wood Park.

IX. Dear Tom,

Welcome to China! I know you have a five days' trip in China. I advise you to visit Xi'an. It is one of the most ancient cities in China. It's an old city with a long history. If you go there, you can visit Terra-Cotta Warriors and other old buildings. You can get to know how Chinese lived in old times. What's more, you can eat a lot of traditional snacks in Xi'an. It will help you to know China better. In my opinion, it is a good idea to visit the places of interest in Xi'an by bus because it's cheap and fast. I hope the information that I gave will help you a lot. I'm looking forward to seeing you in China.
